is null and void. None of Bowhead or any other entity making up the Company makes any representations or warranties, express or implied, including, without limitation, any warranties of title or implied warranties of merchantability or fitness for a particular purpose with respect to the Bowhead Distribution Contract, the Bowhead Token Contract or the Bowhead Tokens or their utility, or the ability of anyone to purchase or use the Bowhead Tokens. Without limiting the foregoing, none of the Bowhead Parties represent or warrant that the process of purchasing the Bowhead Tokens or receiving the Bowhead Tokens will be uninterrupted or error-free or that the Bowhead Tokens are reliable and error-free. As a result, Buyer acknowledges and understands that Buyer may never receive Bowhead Tokens and may lose the entire amount Buyer paid to Company. Buyer shall provide an

accurate digital wallet address to Company for receipt of any Bowhead Tokens distributed to Buyer pursuant to the Bowhead Distribution Contract and the Bowhead Token Contract.

25. Not an Offering of Securities, Commodities, or Swaps. The sale of Bowhead Tokens and the Bowhead Tokens themselves are not securities, commodities, swaps on either securities or commodities or a financial instrument of any kind. Purchases and sales of Bowhead Tokens are not subject to the protections of any laws governing those types of financial instruments. This Agreement and all other documents referred to in this Agreement including the White Paper do not constitute a prospectus or offering document, and are not an offer to sell, nor the solicitation of an offer to buy an investment, a security, commodity, or a swap on either a security or commodity.
26. Not an Investment. Buyer should not participate in the Bowhead Token Distribution or purchase Bowhead Tokens for investment purposes. Bowhead Tokens are not designed for investment purposes and should not be considered as a type of investment. Within forty-eight (48) hours from the end of the Bowhead Distribution Period, all Bowhead Tokens will no longer be transferable and the Bowhead Token Contract will prevent all further transfers and public key mappings. At this point, the distribution of Bowhead Tokens will be complete. Buyer acknowledges, understands and agrees that Buyer should not expect and there is no guarantee or representation or warranty by Company that: (a) the Bowhead Software will ever be adopted; (b) the Bowhead Software will be adopted as developed by Bowhead and not in a different or modified form; (c) a blockchain utilizing or adopting the Bowhead Software will ever be launched; and (d) a blockchain will ever be launched with or without changes to the Bowhead Software and with or without a distribution matching the fixed, non-transferable Bowhead Token balances. Furthermore, Bowhead Tokens will not have any functionality or rights on the Bowhead Platform and holding Bowhead Tokens is not a guarantee, representation or warranty that the holder will be able to use the Bowhead Platform, or receive any tokens utilized on the Bowhead Platform, even if the Bowhead Platform is launched and the Bowhead Software is adopted, of which there is no guarantee, representation or warranty made by Company.
27. Not for Speculation. Buyer acknowledges and agrees that Buyer is not purchasing Bowhead Tokens for purposes of investment, speculation, as some type of arbitrage strategy, for immediate resale or other financial purposes.

### **ARTICLE THREE: NO OTHER RIGHTS CREATED**

31. No Claim, Loan or Ownership Interest. 32. Intellectual Property. Company retains all right, title and interest in all of Company's intellectual property, including, without limitation, inventions, ideas, concepts, code, discoveries, processes, marks, methods, software, compositions, formulae, techniques, information and data, whether or not patentable, copyrightable or protectable in trademark, and any trademarks, copyright or patents based thereon. Buyer will implement reasonable and appropriate measures designed to secure access to: (i) any device associated with Buyer and utilized in connection with Buyer's purchase of Bowhead Tokens; (ii) private keys to Buyer's wallet or account; and (iii) any other username, passwords or other login or identifying credentials. In the event that Buyer is no longer in possession of Buyer's private keys or any device associated with Buyer's account or is not

able to provide Buyer's login or identifying credentials, Buyer may lose all of Buyer's Bowhead Tokens and/or access to Buyer's account. Company is under no obligation to recover any Bowhead Tokens and Buyer acknowledges, understands and agrees that all purchases of Bowhead Tokens are non-refundable and Buyer will not receive money or other compensation for any Bowhead Tokens purchased.

- b. Additional Information. Upon Company's request, Buyer will immediately provide to Company information and documents that Company, in its sole discretion, deems necessary or appropriate to comply with any laws, regulations, rules or agreements including without limitation judicial process. Such documents include, but are not limited to, passport, driver's license, utility bills, photographs of associated individuals, government identification cards, or sworn statements. Buyer consents to Company disclosing such information and documents in order to comply with applicable laws, regulations, rules or agreements. Buyer acknowledges that Company may refuse to distribute Bowhead Tokens to Buyer until such requested information is provided.

All payments by Buyer under this Agreement will be made only in Buyer's name, from a digital wallet or bank account not located in a country or territory that has been designated as a "non-cooperative country or territory" by the Financial Action Task Force, and is not a "foreign shell bank" within the meaning of the U.S. Bank Secrecy Act (31 U.S.C. § 5311 *et seq.*), as amended, and the regulations promulgated thereunder by the Financial Crimes Enforcement Network, as such regulations may be amended from time to time, or any similar applicable Canadian law relating the Canadian Bank Act or the Proceeds of Crime (Money Laundering) and Terrorist Financing Act (PCMLTFA).

## **ARTICLE SIX: DISCLAIMERS**

61. Buyer expressly acknowledges, understands and agrees that Buyer is using the Bowhead Distribution Contract, the Bowhead Token Contract and purchasing Bowhead Tokens at the Buyer's sole risk and that the Bowhead Distribution Contract, the Bowhead Token Contract and Bowhead Tokens are each provided, used and acquired on an "AS IS" and on an "AS AVAILABLE" basis without representations, warranties, promises or guarantees whatsoever of any kind by Company and Buyer shall rely on its own examination and investigation thereof.
62. No Representation or Warranty. (A) COMPANY DOES NOT MAKE AND EXPRESSLY DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED OR STATUTORY; AND (B) WITH RESPECT TO THE BOWHEAD DISTRIBUTION CONTRACT, THE BOWHEAD TOKEN CONTRACT AND THE BOWHEAD TOKENS, COMPANY SPECIFICALLY DOES NOT REPRESENT AND WARRANT AND EXPRESSLY DISCLAIMS ANY REPRESENTATION OR WARRANTY, EXPRESS,

IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION, ANY REPRESENTATIONS OR WARRANTIES OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY, USAGE, SUITABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE, OR AS TO THE WORKMANSHIP OR TECHNICAL CODING THEREOF, OR THE ABSENCE OF ANY DEFECTS THEREIN, WHETHER LATENT OR PATENT.

## ARTICLE SEVEN: RISKS

BOWHEAD TOKENS MAY HAVE NO VALUE. BUYER MAY LOSE ALL AMOUNTS PAID.

Buyer has carefully reviewed, acknowledges, understands and assumes the following risks, as well as all other risks associated with the Bowhead Tokens (including those not discussed herein), all of which could render the Bowhead Tokens worthless or of little value:

- 7.1. No Rights, Functionality or Features. Bowhead Tokens have no rights, uses, purpose, attributes, functionalities or features, express or implied. Bowhead Tokens do not entitle holders to participate on the Bowhead Platform, even if the Bowhead Platform is launched and the Bowhead Software's development is finished and the Bowhead Software is adopted and implemented.
- 7.2. Bowhead Platform. Buyer should not purchase Bowhead Tokens in reliance on the Bowhead Platform because Bowhead Tokens are not usable on the Bowhead Platform and do not entitle Buyer to anything with respect to the Bowhead Platform.
- 7.3. Purchase Price Risk. The distribution of Bowhead Tokens will occur at the end of each set period during the Bowhead Distribution Period. The purchase price a buyer receives for Bowhead Tokens depends upon the actions of all other users in respect of to the Bowhead Token Contract during the same period. Other user acts in respect of the Bowhead Token Contract during the same period receives the same price per Bowhead Token. It is possible for other people to commit acts after Buyer has acquired Bowhead Tokens and dramatically impact the price Buyer and everyone else pays per Bowhead Token received. There are no guarantees as to the price of Bowhead Tokens purchased by Buyer and no guarantees that the price per Bowhead Token determined each period by the market will be equal to or higher in the subsequent periods of the Bowhead Distribution Period. There is the possibility that the price per Bowhead Token in subsequent periods of the Bowhead Distribution Period falls below the price paid by initial buyers of Bowhead Tokens during the Bowhead Distribution Period. Bowhead reserves the right to change the duration of the Bowhead Distribution Period for any reason, including, without limitation, bugs in the Bowhead Distribution Contract or the Bowhead Token Contract or the unavailability of the Website or other unforeseen procedural or security issues.
- 7.4. Blockchain Delay Risk. On the blockchain, timing of block production is determined by proof of work so block production can occur at random times. For example, consideration contributed to the Bowhead Smart Contract in the final seconds of a distribution period may not get included for that period. Buyer acknowledges and understands that the blockchain may not include the Buyer's transaction at the time Buyer expects and Buyer may not receive Bowhead Tokens the same day Buyer purchases Bowhead Tokens.
- 7.5. WAVES or OTHER Blockchain. The blockchain is prone to periodic congestion during which transactions can be delayed or lost. Individuals may also intentionally spam the network in an attempt to gain an advantage in purchasing cryptographic tokens. Buyer acknowledges and understands that block producers may not include Buyer's transaction when Buyer wants or Buyer's transaction may not be included at all.
- 7.6. Ability to Transact or Resell. Buyer may be unable to sell or otherwise transact in Bowhead Tokens at any time, or for the price Buyer paid. By using the Bowhead Distribution Contract or the Bowhead Token Contract or by purchasing Bowhead Tokens, Buyer acknowledges, understands and agrees that: (a) Bowhead Tokens may have no value; (b) there is no guarantee or representation of liquidity for the

Bowhead Tokens; and (c) the Bowhead Parties are not and shall not be responsible for or liable for the market value of Bowhead Tokens, the transferability and/or liquidity of Bowhead Tokens and/or the availability of any market for Bowhead Tokens through third parties or otherwise.

- 7.7. Token Security. Bowhead Tokens may be subject to expropriation and or/theft. Hackers or other malicious groups or organizations may attempt to interfere with the Bowhead Distribution Contract, the Bowhead Token Contract or the Bowhead Tokens in a variety of ways, including, but not limited to, malware attacks, denial of service attacks, consensus-based attacks, Sybil attacks, smurfing and spoofing. Furthermore, because the platform rests on open source software and Bowhead Tokens are based on open source software, there is the risk that smart contracts may contain intentional or unintentional bugs or weaknesses which may negatively affect the Bowhead Tokens or result in the loss of Buyer's Bowhead Tokens, the loss of Buyer's ability to access or control Buyer's Bowhead Tokens or the loss of Bowhead Tokens in Buyer's account. In the event of such a software bug or weakness, there may be no remedy and holders of Bowhead Tokens are not guaranteed any remedy, refund or compensation.
- 7.8. Access to Private Keys. Bowhead Tokens purchased by Buyer may be held by Buyer in Buyer's digital wallet or vault, which requires a private key, or a combination of private keys, for access. Accordingly, loss of requisite private key(s) associated with Buyer's digital wallet or vault storing Bowhead Tokens will result in loss of such Bowhead Tokens, access to Buyer's Bowhead Token balance and/or any initial balances in blockchains created by third parties. Moreover, any third party that gains access to such private key(s), including by gaining access to login credentials of a hosted wallet or vault service Buyer uses, may be able to misappropriate Buyer's Bowhead Tokens. Company is not responsible for any such losses.
- 7.9. Bowhead Tokens Will Become Non-Transferable. Buyer acknowledges and understands that Bowhead Tokens will become non-transferable within forty-eight (48) hours after the end of the Bowhead Distribution Period. At this time, Buyer will no longer be able to map a public key to Buyer's account and Buyer will not be able to transfer Bowhead Tokens on the blockchain. Some cryptocurrency exchanges may on their own accord enable Bowhead Tokens to continue trading, but the exchanges may be unable to accept new deposits or authorize withdrawals of Bowhead Tokens.
- 7.10. New Technology. The Bowhead Software and the Bowhead Platform and all of the matters set forth in the White Paper are new and untested. The Bowhead Software might not be capable of completion, implementation or adoption. It is possible that no blockchain utilizing the Bowhead Software will be ever be launched and there may never be an operational Bowhead Platform. Buyer should not rely on the Bowhead Software or the ability to receive tokens associated with the Bowhead Platform in the future. Even if the Bowhead Software is completed, implemented and adopted, it might not function as intended, and any tokens associated with a blockchain adopting the Bowhead Software may not have functionality that is desirable or valuable. Also, technology is changing rapidly, so the Bowhead Tokens and any tokens transferable on the Bowhead Platform may become outdated.
- 7.11. Reliance on Third-Parties. Even if completed, the Bowhead Software will rely, in whole or partly, on third parties to adopt and implement it and to continue to develop, supply, and otherwise support it. There is no assurance or guarantee that those third parties will complete their work, properly carry out their obligations, or otherwise meet anyone's needs, all of which might have a material adverse effect on the Bowhead Software and Bowhead Platform.
- 7.12. Failure to Map a Public Key to Buyer's Account. Failure of Buyer to map a public key to Buyer's account may result in third parties being unable to recognize Buyer's Bowhead Token balance on the blockchain when and if they configure the initial balances of a new blockchain based upon the Bowhead Software of which Company makes no representation or guarantee.
- 7.13. Exchange & Counterparty Risks. If Buyer sends value or other consideration to the Bowhead Token Contract from an exchange or an account that Buyer does not

control, pursuant to the Bowhead Token Contract, Bowhead Tokens will be allocated to the account that has sent such value or consideration; therefore, Buyer may never receive or be able to recover Buyer's Bowhead Tokens. Furthermore, if Buyer chooses to maintain or hold Bowhead Tokens through a cryptocurrency exchange or other third party, Buyer's Bowhead Tokens may be stolen or lost. In addition, third parties may not recognize Buyer's claim to any derivative tokens if and when launched by third parties according to the distribution rules set in the Bowhead Software. By using the Bowhead Distribution Contract, using the Bowhead Token Contract and/or by purchasing Bowhead Tokens, Buyer acknowledges and agrees that Buyer sends value or consideration to the Bowhead Token Contract through an exchange account and/or holds Bowhead Tokens on a cryptocurrency exchange or with another third party at Buyer's own and sole risk.

- 7.14. Changes to the Bowhead Software. The Bowhead Software is still under development and may undergo significant changes over time. Although Company intends for the Bowhead Software to have the features and specifications set forth in the White Paper, Company may make changes to such features and specifications for any number of reasons, and any party that adopts the Bowhead Software and launches the Bowhead Platform also may make changes, any of which may mean that the Bowhead Platform does not meet Buyer's expectations.
- 7.15. Risk of Alternative Blockchains based on Bowhead Software. The Bowhead Software will not likely be licensed under an open source license until after the end of the Bowhead Distribution Period; however, it is possible somebody will not respect the Bowhead Software copyright or will modify the Bowhead Software after it has been released under an open source license. Therefore, it is possible for someone to utilize the Bowhead Software to build and launch blockchain protocols using a token distribution other than the one intended for the Bowhead Tokens pursuant to the Bowhead Software both prior to or after the Bowhead Software has become licensed as open source.
- 7.16. Risk of Lack of Transferability in Blockchain Cryptographic Token. The Bowhead Software is built such that any blockchain that adopts the Bowhead Software will require approval of holders of a predetermined minimum threshold number of the total issued and outstanding Bowhead Tokens before tokens on such blockchain (the "Blockchain Tokens") can be transferred. In other words, if the Bowhead Software is adopted, it will be the responsibility of holders holding at least said predetermined number of the issued and outstanding Bowhead Tokens to adopt one or more blockchains in order for Blockchain Tokens received on such blockchains to be transferrable. Buyer acknowledges, understands and agrees that if the Bowhead Software is adopted and the requisite vote described above is not obtained, Buyer may not be able to transfer any Blockchain Tokens Buyer receives.
- 7.17. Project Completion. The development of the Bowhead Software may be abandoned for a number of reasons, including, but not limited to, lack of interest from the public, lack of funding, lack of commercial success or prospects, or departure of key personnel.
- 7.18. Lack of Interest. Even if the Bowhead Software is finished and adopted and the Bowhead Platform is launched, the ongoing success of the Bowhead Platform relies on the interest and participation of third parties like developers. There can be no assurance or guarantee that there will be sufficient interest or participation in the Bowhead Platform.
- 7.19. Uncertain Regulatory Framework. The regulatory status of cryptographic tokens, digital assets and blockchain technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether governmental authorities will regulate such technologies. It is likewise difficult to predict how or whether any governmental authority may make changes to existing laws, regulations and/or rules that will affect cryptographic tokens, digital assets, blockchain technology and its applications. Such changes could negatively impact Bowhead Tokens in various ways, including, for example, through a determination that Bowhead Tokens are regulated financial instruments that require registration. Company may cease the distribution of Bowhead Tokens, the development of the Bowhead

Software or cease operations in a jurisdiction in the event that governmental actions make it unlawful or commercially undesirable to continue to do so. The Buyer accepts such risk entirely and agrees that it is solely liable, and the Company shall have no liability to Buyer whatsoever, in respect of any fine, sanction, or penalty imposed on Buyer or any entity related thereto by any governmental authority in any country

- 7.20. Risk of Government Action. As noted above, the industry in which Company operates is new, and may be subject to heightened oversight and scrutiny, including investigations or enforcement actions. There can be no assurance that governmental authorities will not examine the operations of Company and/or pursue enforcement actions against Company. Such governmental activities may or may not be the result of targeting Company in particular. All of this may subject Company to judgments, settlements, fines or penalties, or cause Company to restructure its operations and activities or to cease offering certain products or services, all of which could harm Company's reputation or lead to higher operational costs, which may in turn have a material adverse effect on the Bowhead Tokens and/or the development of the Bowhead Software.

#### **ARTICLE EIGHT: LIMITATION OF LIABILITY; INDEMNIFICATION**

- 8.1. Limitation of Liability. To the fullest extent permitted by applicable law, Buyer disclaims any right or cause of action against the Bowhead Parties of any kind in any jurisdiction that would give rise to any Damages whatsoever, on the part of any Bowhead Party. Each of the Bowhead Parties shall not be liable to Buyer for any type of Damages, even if and notwithstanding the extent a Bowhead Party has been advised of the possibility of such Damages. Buyer agrees not to seek any refund, compensation or reimbursement from a Bowhead Party, regardless of the reason, and regardless of whether the reason is identified in this Agreement.
